Columbia Business School Postdoctoral Position in Management

Professor Vanessa Burbano is seeking a Postdoctoral Researcher to collaborate on research at the intersection of climate adaptation/sustainability & business, for a period of two years. The position will support a mix of the candidate's own research alongside collaborative, co-authored work with Prof. Burbano. The postdoc will also work with Prof. Burbano in her role as Corporate Engagement Director for LEAP (Learning the Earth with Artificial Intelligence + Physics), an NSF-funded Science and Technology Center focused on climate adaptation issues. There are no teaching obligations.

Applicants should have a Ph.D. (or expect to complete theirs before July 1 2024) in strategy, management, organizational behavior, sociology, economics, psychology, or a relevant social science field from an accredited institution and have a record of being an outstanding scholar in every respect.

The ideal candidate will have a research agenda focused on climate adaptation or corporate sustainability, broadly defined, and be interested in conducting new research at the intersection of climate change/climate adaptation & business, also broadly defined.

Columbia Business School is a dynamic center of research, with faculty, postdoctoral and visiting scholars, and doctoral students taking a wide range of approaches to social science research with applied implications. More information about Columbia Business School can be found at https://home.gsb.columbia.edu/.

Applicants should submit:
(1) a cover letter
(2) a research statement describing research interests and accomplishments, including research they would like to conduct (and/or have conducted) relevant to the intersection of climate change/adaptation & business
(3) a C.V.; and
(4) two letters of recommendation.

Please email the materials with subject line “Postdoc Burbano” to: mgmtjobsearch@gsb.columbia.edu.

Applications will be reviewed on a rolling basis and should be submitted by January 15 in order to receive full consideration. The anticipated start date for this position is July 1, 2024.

* Columbia University is an Equal Opportunity/Affirmative Action employer. 
  Women and underrepresented minorities are particularly encouraged to apply.*
